The Romero Child Charter

An Introduction

By Brendan Fawcett, Chair of the Romero MAC

Within the Romero family our vision is to be a Beacon of Excellence for Catholic Education that serves students from the age 3-19 years. Our aim is to provide an innovative yet academically rigorous curriculum that inspires, empowers and enables all our students to recognise their full potential and respond to what God calls them to be. We partner and support parents in their role as primary educators and aim to create a welcoming, compassionate, diverse and vibrant community that develops within our students a greater global awareness and encourages both their academic and spiritual growth.

It is therefore a great pleasure to introduce this document which sets out our Romero Child Charter. This Charter provides details of the experiences that all children will have the opportunity to participate in whilst at a school within the Romero Catholic Academy. Our children, join us as Nursery children in one of our 7 primary schools and begin a 15-year journey which culminates in them leaving Year 13 at Cardinal Wiseman after completing their Secondary education. The Romero Child Charter describes this journey, it provides a pathway that aims to develop the whole character of our students, with Jesus as our model of faithful living, readying them for their future lives as they prepare to take their place in the adult world.

There are six strands to the Romero Child Charter and within each strand the experiences build sequentially on those that have gone before. This means that there is a seamless transition between each stage of education. So, whether a child is progressing from our Early Years provision to Key Stage One, or from our primary education to secondary education at Cardinal Wiseman, we – as an Academy - have a clear vision of how we can further develop their character to prepare our children for the opportunities, responsibilities, and experiences of later life.

The premise is simple, by providing our students with a vast range of experiences that are deeply rooted in faith which allow them chance to explore the world around them in all its wonder, we prepare our children to be all that God intended them to be and assist them in maximising their contribution to the wider world.

We recognise that every child is joyfully unique and equipped with special gifts, given to them by the grace of God. Each strand of the Romero Child Charter aims to encourage children, throughout all aspects of school life and beyond, to explore and nurture these gifts and use these to serve others for the common good. In doing so they will understand and further develop their relationship with God; and both discover and appreciate the reasons as to why they were brought into the world. They will understand how they have been:

'Fearfully and Wonderfully Made'

Psalms 139:14

We now look forward to embarking on this journey with your children, supporting them in discovering all that their school-life and the Romero Child Charter provides and witnessing them flourish into well-rounded individuals that are eager to embrace all that life has to offer.

A Prayer for Staff

Eternal God,

We acknowledge you as the source of all we have and all we are.
Help us to hear your call to be good stewards, responsible guardians of the school you have entrusted into our care.

Help us to take a long view, as we take another step along the way.
Help us to enlarge and enrich Your kingdom by wisely using our talents, resources and the gifts you have given us for your purpose.

Help us to make your priorities our priorities; help us to put our faith into action moving forward
Help us to recognise the rich resources you have given us in our parishes and local communities,
Help us instil stewardship across Romero to ensure the legacy of our decisions impacts on the generations of pupils, staff and families that follow in our school.

Help us to be guided by our values.

Help us to respect and value those we work with and the contribution that they make.

Help us to act with integrity; fairly, ethically and openly in all we do.

Help us to be of service to our school community; putting our pupils at the centre of all that we do.

Help us to use our energy, skills and resources to deliver excellence in all that we do.

Our mission is to be a 'beacon of excellence for Catholic Education.'

Help us to understand the challenge that have you set us but not be daunted by it.

We recognise that we are planting seeds that one day will grow; we know that they hold future promise.

We know that we are workers, not master builders so we look to your wisdom to help us in delivering the Romero Child Charter.

Help us to ensure that the Charter aligns to our aims of:

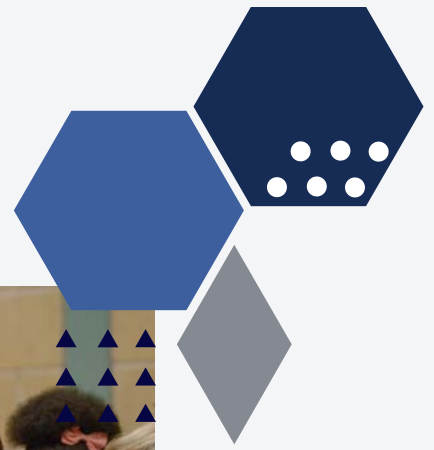

- ~ Encouraging spiritual growth;*
- ~ Empowering and enabling our pupils to recognise their God-given potential and respond to your calling;*
- ~ Being inspirational, innovative and excelling when partnering and supporting parents in their role as primary educators;*
- ~ Creating a welcoming, compassionate and vibrant community;*
- ~ Developing global awareness and stewardship.*

Help us serve our church, schools, staff, students, parishes and local community through this Charter for all pupils in our community of faith; inspire us all to have habits of mind and action which genuinely serve the common good.

Lord, may we serve you, today and everyday, with a joyful spirit of mind and heart.

Amen

The Strands

ROMERO REFLECTS PRAYER & CHAPLAINCY

As a provider of Catholic Education, we play a key role in the faith formation of every child. Through the opportunities presented as part of Romero Reflects our aim is to allow pupils to experience the Catholic life of the school, in which they will encounter God and deepen their relationship with him as a loving, compassionate Father. Opportunities are given through prayer, both traditional and informal, through liturgies and retreats and through development of relationships and support for each other, so that be it as an individual, as part of a family, or as part of a school, parish, local or global community, we enable our pupils to come to know and love God.

ROMERO SERVES SOCIAL ACTION & SOCIAL JUSTICE

We strive for all of our pupils learn to see the face of Christ in everyone. Romero Serves provides opportunities for all of our pupils to develop compassion, so that they are able to recognise and support those in need. Social Action and Social Justice feature heavily within this strand, which is anchored by the quotes of our Patron, Saint Oscar Romero. Pupils emulate our patron by actively making a positive contribution to society, as well as developing two key dispositions: empathy (the capacity to stand in the shoes of another) and solidarity (the capacity to walk with another).

ROMERO ASPIRES VOCATION & DESTINATION

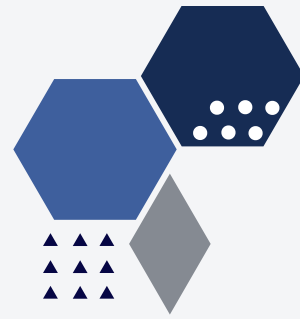

Through Romero Aspires, we aim to provide pupils opportunities to discuss and explore their future vocation so that they are able to 'aspire not to have more but to be more'. Vocation is derived from a Latin word that means 'to call' – and as a community of faith we believe that the biggest calling we hear is from God. Romero Aspires presents pupils with opportunities to reflect on their own vocation, as well as that of others, and explore how they can use their God-given talents and skills to have a positive impact on those around them as they ready themselves to take up their place in the wider world and uncover their future destination.

ROMERO EXPERIENCES CURRICULUM ENHANCEMENT

We understand that Active experiences can have a considerably beneficial impact of the learning and development of our Pupils. It is through Romero Experiences that we give our pupils opportunities to explore the world around them, both in their locality and beyond! Combined, these experiences not only to develop their knowledge and understanding to enhance and support our curriculum offer, but also in terms of character building, developing their resilience, independence and perseverance.

The Strands

ROMERO THRIVES
SPORT, HEALTH & WELL-BEING

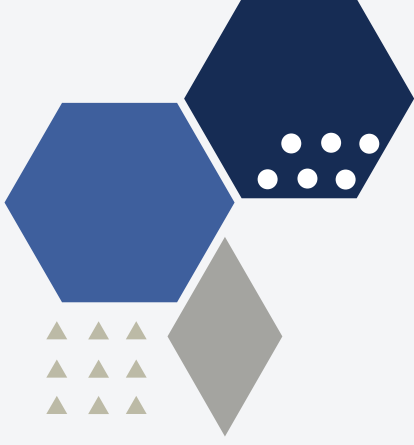

The wellbeing of each and every one of our pupils is of paramount importance; it is through Romero Thrives that pupils are given the opportunity to explore health, mindfulness, sporting and physical activities – all of which contribute to a healthy mind. Romero Thrives also gives pupils the opportunity to participate in activities that they might have not yet experienced, both within school and in the wider community, as well as develop their leadership skills when assisting their peers, or younger pupils within Romero, at sporting events.

ROMERO SHINES
THE ARTS, TECHNOLOGY & CULTURE

We are passionate that pupils leave their time in Romero Education with an appreciation for the arts and a wide variety of skills which are enhanced by our wider curriculum offer that includes design technology, computing, music, art and drama. We are also keen to ensure that we provide numerous opportunities for our pupils to experience as many cultural and creative experiences as possible. It is through Romero Shines that we are able to support our pupils in developing their confidence and shape their understanding as to how their God-given talents can be used to bring joy to others.
